Dear Sir/Madame

On the 2nd April 2019, Unwin Safety Systems changed its name to BraunAbility. Subsequently from that point, the business has been updating the products visually to incorporate the BraunAbility logo in places where the Unwin Safety System logo would have been previously. The products themselves have not changed in any other way other branding.

Meaning that all the products supplied to Tripod Mobility before this name change date and after, are the same.

In this case specifically, the products in question are:

- SBT-11040-A
- QIR/25/AR
- SBT-05963-A
- BQEMH
- BQEPH
- EF3CH
- EF3H
- TDN-11949-A

Drawing evidence is available should that be required.

Best regards,

A handwritten signature in grey ink, appearing to be 'Mark Richardson', written in a cursive style.

Mark Richardson
Engineering Manager
