To Whom It May Concern,

SUBJECT: Alternative Wheelchair Tie-Downs
TEST REPORT NUMBER(S) ESU437411-WAV and EST402497
MANUFACTURER: Tripod Mobility
TYPE(S): K9 and K0

Tripod Mobility have requested that alternative wheelchair tie-downs are covered by the above reports, these tie downs being EF3J, EF4J and EF3CJ. With BQEPJ and BQEMJ for the rear tie downs. These are essentially the same product that was tested in the above reports with a different profile of end fitting with VCA not deeming this necessary for a new test based on their close similarities.

Yours faithfully,

Fraser Coulter
Type Approval Engineer
